QS Membership Application Form >
Membership in GZDBK professional sections is free of charge for employees of GZDBK member companies.

GZDBK has six professional sections!

Each section has:
- an executive committee (EC),
- a section chair,
- an annual members' meeting,
- an annual professional event,
- successful business practice forums (visits to companies in the region and beyond), and
- other events and activities (projects, awards and recognitions), tailored to the actual needs of each professional section.

The SRC-EDIH project is also discussed as part of the meeting.

Membership in a professional section benefits both employees and the companies they work for. Membership in the sections is free of charge for employees of GZDBK member companies.

Executive committees (the working bodies of the professional sections) hold between three and five working meetings per calendar year. At these meetings, they define the professional section's programme and how it will be implemented.

GZDBK member companies may nominate one of their employees for appointment as their representative on the executive committee of an individual professional section, thereby participating directly in shaping and implementing the section's programme.
