

GZDBK Innovation Exhibition 2023 - opening on 5 July at 15.00

The opening ceremony of the exhibition will take place on 5 July 2023 at 15.00 on the Main Square in Novo mesto.

The opening and the exhibition are free of charge for all participants. The exhibition will be on display until 31 July 2023.

The Chamber of Commerce of Dolenjska and Bela Krajina has for many years been devoting a great deal of activity to the promotion of innovation culture in the region. Every year we publish a tender for innovation applications, award prizes at the Innovation Day in Otočec and, from 2021, present to the general public all innovations that are the result of local know-how and hard work. In the sixteen years of our calls for tenders, innovators have submitted 331 innovations and during this period we have awarded 117 gold, 156 silver, 44 bronze and 14 awards to innovators.

The Chamber of Commerce of Dolenjska and Bela Krajina is pleased to note that we are the most successful region in Slovenia in terms of the number of innovations submitted! The results of investments in development and innovation are thus excellent indicators of the performance of companies in the Dolenjska-Belokranjska region, which is also reflected in the region's annual business results.

For the 16th year in a row, the Chamber of Commerce of Dolenjska and Bela Krajina collected innovation proposals and among them selected those that received awards for the best innovations of Dolenjska and Bela Krajina for 2023.

After years of successful and effective innovation promotion, the GZDBK decided to hold the first GZDBK Innovation Exhibition in 2021 on the Main Square in Novo mesto. The excellent response after the exhibition further encouraged us to present innovations, innovators and innovators to the wider public for the third time in a row.

We invite you to attend the opening of the exhibition on Wednesday, 5 July 2023, at 15.00. on the Main Square in Novo mesto, which will be open until 31 July 2023.
