

15th Mikrografija Conference 2023

11th November 2023

From 9.00 to 15.00.

Location: At the Four Points by Sheraton Mons Ljubljana.

Participation is free for all, but prior [eRegistration](#) is required.

Need fresh ideas for digitalizing your business?

In cooperation with Mikrografija, d.o.o., we invite you to the 15th Mikrografija Conference.

By going paperless, companies can respond more effectively to market needs, reduce paper documentation and increase the security and reliability of business processes.

Mikrografija has been shaping the Slovenian paperless business market for 30 years. Physical storage, scanning, document system, electronic signature component, e-storage, GDPR compliance consulting and internal policy implementation are just some of the certified solutions and services that fill the company's portfolio and the reference table of projects and clients.

You are cordially invited!

Conference programme:

- optimising work through technology solutions,
- the new era of the document system,
- using data for better decision-making and innovation and
- efficient digitisation of paper documents.

[More about the conference programme >](#)

Attendance is free for all, but prior [eRegistration](#) is required.

Additional explanations: info@mikrografija.si, 080 51 15.

The content of this event is consistent with the purpose of the [SRC-EDIH project](#), where the consortium includes both the company Mikrografija and the Chamber of Commerce of Dolenjska and Bela Krajina. The conference presents some possibilities, solutions and tools for the digital transformation of business.

Co-funded by
the European Union
