

16th Mikrografija Conference 2024

16th November 2024

Location: At the Four Points by Sheraton Mons Ljubljana.

Participation is free of charge.

In cooperation with Mikrografija, d. o. o., we invite you to the 16th Mikrografija Conference.

The conference will explore the latest trends and technologies shaping the digital future. It will bring together leading industry experts to share insights on digital transformation, information governance and innovative solutions to future challenges. Don't miss the opportunity to share experiences, network and have an in-depth discussion on how digital solutions are transforming business processes and preparing companies for the future. Come and be part of the digital revolution!

Conference programme:

- The new era of document systems,
- optimising work with technology solutions,
- the opportunities of digital business in the future,
- examples of good practice.
