

First meeting of the Executive Board of the Section of Informatics in 2024

On 23 January, between 13.30 and 15.00, the first meeting of the Executive Committee of the Section of Informatics in 2024 (IO SI) took place in the conference room of the Chamber of Commerce and Industry of Dolenjska and Bela krajina (GZDBK), Novi trg 11, Novo mesto.

The meeting was chaired by the President of the Section of Informatics, Andrej Železnik from TEM Čatež, d. o. o. The members of the Executive Committee of the Section discussed the possibilities for improving the Section's activities in the future and formulated the future activities of the Section in 2024. The manager of the GZDBK, Tomaž Kordiš, presented to the attendees the current activities of the SRC - EDIH project and the project's website and platform. SRC-EDIH is the European Digital Innovation Hub in Novo mesto (there are 151 EDIHs in 31 countries in the EU, two of them in Slovenia, one based in Novo mesto and the other in Maribor), which helps companies, entrepreneurs and public institutions in their digital transformation. Digital transformation goes beyond technical progress; it is a catalyst for developing a culture of innovation and a development mindset that contributes to improving the competitiveness and efficiency of society as a whole.

The event is key in planning and guiding the activities of the Section, identifying the key issues of the profession and the Section's tasks for the coming year. The analysis of the Section's past activities allows for the consistent pursuit of the objectives set and their effective implementation.

The event takes place as part of the [SRC-EDIH project](#).
