The GZDBK organises a number of forums, tours and exchanges of good business practices for companies, entrepreneurs and other working organisations. The Executive Committees of each Section of the Regional Chamber draw up its own annual programme of activities and, as part of this programme, each Section ensures the exchange of good business practices through visits. This time, the SI has set itself the task of visiting the company TEM Čatež, d. o. o.

You are cordially invited!

TEM Čatež is a leading manufacturer of modern and aesthetic switches and sockets in the region. For half a century, they have been providing their users with a positive and easy experience, while at the same time satisfying even the most demanding wishes of every user and room with their easy to install and use products, a wide selection of colours and materials. More about the company: <https://www.tem.si/o-podjetju/>

TEM. Created for every space. (On | Off and everything in between.)

Their work is guided by the core values of honesty, openness, mutual trust and cooperation. They provide partners with a positive and easy experience with the company and their products. They provide an open and transparent partnership to all those involved in their daily work processes, as they strive to offer a good user experience to their customers. By pooling their potential and values, employees contribute to the high quality of business performance and growth of the company.
