

Ensuring cyber security in line with legislation

7 October 2024

At 10.00.

Webinar

Fee per participant:

Micro, small and medium-sized enterprises: free of charge,

Large companies: 250 €.

The aim of the webinar is to inform participants about current cyber threats and equip them with the knowledge to effectively protect their business environment. Participants will learn about key legislative changes such as NIS2 and understand their impact on information security in businesses. They will also gain insight into concrete solutions to improve cyber security, enabling them to better manage risks and increase the security of their IT systems.

Content:

- Cyber threats to business users,
- NIS2 and the Information Security Act: what you need to know,
- the impact of the legislation on information security in companies,
- practical solutions to improve cyber security and
- presentation of solutions to ensure effective cyber security.

The webinar is for:

✓ corporate decision makers,

✓ CEOs,

✓ IT managers,

✓ security managers, and

✓ other key people responsible for information security and risk management in the enterprise.
