Membership in professional sections of the GZDBK is free for employees of a company that is a member of the GZDBK.

The GZDBK has six sections.

Each section has:

- Executive Committee,
- a Section Chair,
- an annual meeting of members,
- an annual professional day,
- forums on successful business practices (visits to companies in the region and beyond); and
- other events and activities (projects, awards, recognition), tailored to the actual needs of each Section.

The SRC-EDIH project is also discussed during the meeting.

Membership of a Section is beneficial for both the employees and the companies they work for. Membership of the sections is free of charge for the employees of a company that is a member of the GZDBK.

The executive committees (working bodies of the sections) hold between 3 and 5 working sessions per calendar year. At the working sessions, they determine the programme and the implementation of the work of the section.

The companies that are members of the GZDBK can nominate a representative (employee) for appointment to a position on the executive committee of each section and thus participate directly in the formulation and implementation of the work programme of the section.
