The [Innovation Section \(SINO\)](#) is preparing an exchange of best practices. This time, we will visit Akrapovič d. d., the leading manufacturer of high-performance exhaust systems for motorcycles and sports cars.

The purpose of these events is to exchange best practices in the fields of quality, development, and innovation, while also fostering connections among GZDBK members. In this way, we strengthen the flow of knowledge, experience, and ideas, adding value for every participant.

You are kindly invited!

### **Akrapovič d. d.**

[Akrapovič](#) is the leading manufacturer of premium exhaust systems for motorcycles and sports cars. The company is a pioneer in the innovative use of titanium and superalloys, as well as a leader in carbon-fiber component development. Akrapovič exhaust systems are renowned for enhanced performance, unmistakable sound, innovative design, lightweight construction, high-quality workmanship, and durability.

The company employs 1,500 people and sells its products in more than 80 countries. For its employee relations, it received the [recognition](#) of "Exemplary Human Resource Management" by the Chamber of Commerce of Dolenjska and Bela krajina.

The company was founded in 1991 in Slovenia by former motorcycle racer Igor Akrapovič. Over the years, the brand has earned remarkable international reputation and recognition. Through its involvement in racing—together with the riders and teams it supports—and by setting the highest design standards, Akrapovič has been continuously at the forefront of exhaust system technology development. In recent years, the company has received multiple Red Dot and Best Brand awards, for both motorcycle and automobile exhaust systems.
