The [Quality Section](#) is preparing an exchange of best practices. This time, we will visit Akrapovič, d. d., a leading manufacturer of premium exhaust systems for motorcycles and sports cars.

The purpose and goal of such events is to exchange best practices in the fields of quality, development, and innovation, while fostering networking among GZDBK members. In this way, we strengthen the flow of knowledge, experience, and opinions, providing added value for each participant.

You are kindly invited!

Akrapovič, d. d.

[Akrapovič](#) is a leading manufacturer of premium exhaust systems for motorcycles and sports cars. It is a pioneer in the innovative use of titanium and superalloys and a global leader in developing carbon fiber components. Akrapovič exhaust systems are renowned for improved performance, distinctive sound, innovative design, lightweight construction, exceptional craftsmanship, and durability. The company employs 1,500 people and sells its products in more than 80 countries. For its employee relations, the company received the [recognition](#) "Exemplary HR Practices Award of the Chamber of Commerce of Dolenjska and Bela krajina."

The company was founded in 1991 in Slovenia by former motorcycle racer Igor Akrapovič. Over the years, the brand has gained outstanding international reputation and recognition. Through its involvement in racing – working alongside the riders and teams it supports – and by setting the highest design standards, Akrapovič has continuously remained at the forefront of exhaust technology development. In recent years, the company has received multiple Red Dot and Best Brand awards for both its motorcycle and automotive exhaust systems.
