

Gathering of members of the Section for Quality in TPV AUTOMOTIVE

18 April 2024

At 14.00.

Location: TPV AUTOMOTIVE, d. o. o., Brezina 101, Brežice

Section for Quality (SK) of the GZDBK invites you to visit TPV AUTOMOTIVE.

The meeting will begin with a meeting of the Section for Quality, at which the president of the section, Igor Cesar, from the company Revoz, d. d., informed those present about the work of the section in the past period and the work program for the future. This will be followed by an address on the current contents of the SRC-EDIH project.

Then those present will listen to the presentation of the company and the area of quality in the company or to the TPV group. There will also be a tour of the production. You are cordially invited!

PROGRAM

13.00 - Gathering of members of the Section for Quality

13.10 - Update on the SRC-EDIH project

13.20 - Presentation of the company and the area of quality in the company or to the TPV group

14.00 - Guided production tour

14.45 - Conclusion of the meeting

We invite all members of the Section for Quality (SK), as well as all others who would like to become one, to visit the company. Membership in the section is free for all employees of companies that are members of GZDBK.

The number of places is limited. Participation is free and is only possible for GZDBK members after prior registration.

Members of the Section for Innovation have priority in occupying available places.

Additional explanations: Nina Šab, MSc, 07 33 22 185, nina.sab@gzdbk.si.

The event takes place as part of the [SRC-EDIH project](#).

Host:

TPV AUTOMOTIVE is a development supplier in the automotive industry, which, as part of its programs, develops and produces products that have a significant impact on driving dynamics, safety, ecology and driving comfort, and introduces new technological solutions in the field of electric vehicles (EV). He also uses his more than 60 years of experience in the automotive industry to optimize the development and production of extremely durable components for agricultural, construction and other work machinery. He is entrusted with the development of products by the most demanding manufacturers with their brands such as; BMW, Claas, Jaguar, Mini, Mercedes Benz, Renault, Rimac, Rolls Royce, Land Rover and Volvo.
