

Meeting of the SRC-EDIH consortium and project committee

The project coordinator, Development Centre Novo mesto, hosted a meeting of the SRC-EDIH consortium partners on 29 June 2023. After an initial review of the conclusions of the previous meeting, there was a substantive debriefing of the work package leaders (WP1-WP7) and a financial debriefing. The project coordinator then presented the project updates: information on national funding, information on the EDIH Network Summit 2023, the proposal for the introduction of a CRM system and the proposal for a new SRC-EDIH price list. This was followed by a review of the activities until the end of the year and a social gathering at the end.

In the second part of the meeting, the SRC-EDIH project committee, a smaller working group of the project consortium, met and held its first working meeting. Among other things, it took note of the proposal for a new price list for SRC-EDIH services and the introduction of a CRM system at project level. The committee concluded the meeting with an overview of the activities foreseen until the end of the calendar year.

The event takes place as part of the [SRC-EDIH project](#).
