

More complex work with data in Excel

7 May 2025

At 14.00

At GZDBK (conference room, Novi trg 11, Novo mesto)

Fee per participant:

Micro, small and medium-sized enterprises: free of charge,

Large companies: 500 € (VAT included).

At the workshop, participants will get to know and learn how to use Excel when working with a large number of data. We will process data in different ways and use examples to see what possibilities Excel offers for processing data and producing reports. We will edit data using filters, partial sums, pivot tables, etc.

Content:

- advanced sorting and filtering of data,
- creating partial sums,
- creating various analyses using pivot tables,
- linking tables with LOOKUP functions, and
- creating advanced printouts and reports.

IMPORTANT: Basic knowledge of Excel is desirable. Participants should bring their own computers on which to work on the exercises.

The training is for:

✓ analysts,

✓ accountants,

✓ economists,

✓ company secretaries,

✓ managers and

✓ anyone who deals with complex data tables in their work.

Lecturer:

The workshop will be led by Zdenko Potočar, lecturer in informatics and electronic commerce at the Higher Vocational School at the School of Economics Novo mesto, who has many years of experience in providing adult education in the field of computer science and informatics. The lecturer, who is the author of several textbooks and professional articles, is leading computer courses for all major companies in Dolenjska.

Registration fee:

The price covers participation in the event, materials and certificates. Certificates will be issued upon request.

Registration:

Applications are accepted until places are filled. The deadline for any cancellation in writing is 30 April 2025. Otherwise, we will charge you the full registration fee!
