- SRC-EDIH project update
- Presentation of the company and the HR practice in the company
- Guided tour of production
- Closing with a banquet

The closing event is an opportunity for attendees to mingle freely, exchange views and strengthen acquaintances with colleagues.

Iskra PIO, d.o.o. has a core business of designing and manufacturing equipment for clean and purification technology. In its engineering, based on many years of experience and on-going training and innovation, it continuously develops equipment for clean and purification technology. The company is the only manufacturer of this type of equipment in Slovenia, with which it also performs on an equal footing on the foreign market, to which 50% of the production of this programme is dedicated. The company employs more than 160 people, including more than 50 development engineers. The intensive recruitment of highly qualified technical staff over the years has led to an increase in production volumes and a higher level of product quality each year. The company is successfully developing and becoming a recognised development supplier of the most demanding and high-value solutions in the global pharmaceutical and biotechnology market. Iskra PIO is also the recipient of the GZDBK Human Resources Management Exemplary Case Award for 2022.
